CONSIGNORS FROM SIX STATES

The Annual Omaha Polled Shorthorn Sales have been, for many years, one of the greatest Polled Shorthorn bull markets in the nation.

It has been the custom for many breeders of registered Polled Shorthorn cattle, to sell their best bulls at this outstanding livestock event.

Purebred and commercial cattlemen, who are seeking top quality at a reasonable price, will find it at Omaha where there will be a "maximum" selection in the 61 Polled Shorthorn bulls being offered. The breeding and individuality are the best, and the bulls are of strong ages, sound, healthy and fully guaranteed. Only four females offered, but a top selection of young, bred and open heifers. Omaha is easy to reach, and excellent truck and rail line service make delivery problems easy.

MERVIN F. AEGERTER, Sale Mgr.
Seward, Nebraska

**Attend the 46th Annual Shorthorn Sale — same location,
Thursday, February 23, where 45 top quality bulls sell.**

POLLED SHORTHORN BULL HEADQUARTERS

The wide accord favored Polled Shorthorns sold in these annual sales is proof of the outstanding quality offered each year. 46 years is a long time, and it's no wonder that today many of the breeds finest cattle trace to an Omaha origin.

It is interesting to note that in the past 10 years, the champion and top selling bulls at Omaha have gone to buyers from Missouri, Nebraska, Idaho, South Dakota, Tennessee, Pennsylvania, Ohio, Washington and Canada.

That's the Omaha record that speaks for itself. This year's offering is not as large as in a number of former years, but we can personally assure you that the quality is higher and the individuality more outstanding.

While you are in Omaha, plan to visit the home office of The American Shorthorn Association, located right across the street from the sale arena. Also, if possible, plan to attend the Shorthorn Sale in the same location on February 23rd. We do hope you can join us at Omaha for both of these big bull sales and we assure you that we will be most happy to take care of your shipments after purchases have been made.

He has bone, weight for age, smooth, deep and what rear quarter! Also he should be a 100% dehomer like his sire, who was good enough to be first in class at the International and a member of 1st prize pair of bulls there. Five previous calves of Lady Browndale 2nd have been in our show herd, 3 winning blue ribbons in State Competition and two going into the Champion Class. R B FASCINATION 20th-By one of the good sons of the great Carona Fascination. The sire of this bull and his dam's sire were both Nebr. State Fair reserve champions. His dam has produced some of our best bulls, including the 1959 Nebr. Futurity reserve champion and top selling bull at \$1,100 and a full brother to this bull went to C. B. Carignan in Canada. She now has a real good bull calf by Superbomber. If we did not have so many Crown's Nugget daughters in our herd, this bull would not be for sale.

Oakwood Decision showed from the Illinois Fair, south and east throughout the United States against Polled and horned cattle. He was beaten very few times in class. Was a 1st place bull at the International in 1958, standing just above the good Lynnwood bull, Lynnwood Copyright that was senior champion in 1959. Decision's second calf born at Oakwood, Oakwood Masterkey, showed the same shows as his s with about the same success. Was 2nd in class at the recent International. Atlasta Decision is a very typy fellow with good lines, lots of thickness from end to end. He weighed 1,110 on January 10th and is out of a first calf heifer.

G F PRESIDENT 5th -- Out of Lewis Thieman's cow that was sired by Coronet Max Juggler 5th and by the Omaha champion and all-time high selling bull at that sale. He has tremendous bone and ruggedness, with good lines. He is coming fast and will continue to get better. He will be a large bull.

FEB. 24th, 1961 • OMAHA, NEBR.

Here is the 1959 Omaha Grand Champion Polled Shorthorn Bull, V V President 37th x, shown in an unretouched amateur snapshot in the Gallatin pastures 10 months after his purchase in Omaha. Mr. Gallatin reports that his first calves are outstanding, and he recently turned down an offer of \$4,000 for a part interest in this young herd sire.

STANDARD GUARANTEE OF AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

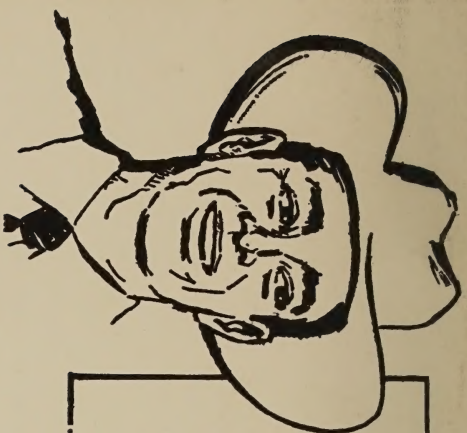

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
